Education

Dhirubhai Ambani University CPI: 7.55	2023 - Present Gandhinagar, Gujarat
KHMC Senior Secondary School (AISSCE) Percentage: 85	2022 - 2023 Bahjoi, Uttar Pradesh
Sacred Heart Senior Secondary Convent School (CISCE) Percentage: 91	2020 - 2021 Chandausi, Uttar Pradesh

Experience

Smart Energy Learning Centre, DAU Research Intern	Dec 2025 Gandhinagar, Gujarat
- Designed and mathematically modeled a load (wear/weight) leveling algorithm for coordinated movement of Heavy Earth Moving Machines (HEMMs) in coal mining operations, reducing operational latency and optimizing overall throughput. - Achieved an estimated 8-10 percent improvement in operational efficiency by balancing workload distribution, reducing uneven wear, and optimizing machine utilization.	

Projects

Market Connect JavaScript, CSS, HTML, Python, MongoDB, Socket Programming	
- Developed a full-stack e-commerce marketplace with live auction functionality, enabling real-time server-client communication over persistent socket-based network channels for bidding, along with product listings, cart, orders, and secure buyer-seller interactions using React, Node.js, and MongoDB. - Implemented JWT-based authentication, ensured efficient frontend-backend API communication, and built interactive dashboards using a Service-Repository architecture for better scalability and maintainability. - Performed extensive testing, including non-functional performance testing with Apache JMeter, along with black-box, unit, and mutation testing to ensure application reliability and quality.	
Airport Management System SQL, Dia, Database Design, ER Modeling	
- Developed a normalized relational database for managing flights, passengers, bookings, and employees, with enforced constraints and optimized queries. - Created ER diagrams, relational schemas, and SQL operations for core airport processes, ensuring data integrity and efficient workflow management.	
DAIICT Club Manager C++, Data Structures, Algorithms	
- Developed a console-based club management system using hash tables, linked lists, and custom data structures for efficient event scheduling, club management, and member handling at DA-IICT. - Added features like case-insensitive search, event scheduling, admin controls, and optimized member lookup in O(1) for clubs.	

Technical Skills

Languages: C++, C, Java, SQL, HTML, CSS, Javascript
Developer Tools: Linux Shell, VS Code, Git, Github
Software/Frameworks: MATLAB, AutoCAD, LTspice, Apache Jmeter, LangChain, LangGraph
Cloud/Databases: PostgreSQL, MongoDB
Soft Skills: Team Collaboration, Leadership, Problem Solving, Communication, Time Management, Critical Thinking
Coursework: Object-Oriented Programming, Data Structures, Algorithms, Operating System, Database Management System, Computer Network, Software Engineering, Generative AI
Areas of Interest: Full Stack Development, System Design, Competitive Programming, Networking, Systems Programming, Agentic AI

Position Of Responsibility

Member - Student Placement Cell

April 2025 - Present

- Responsible for coordinating student placement activities, assisting in organizing placement drives, conducting pre-placement talks, managing student databases, and facilitating communication between students and recruiters.

Member - Annual Fest Committee

August 2023 - March 2024

- Handled sponsorship outreach, financial planning, and marketing initiatives for the fest. Managed budget allocation, promotional activities, and ensured timely execution of financial operations.

Achievements

- Recognized as a District level Topper in International Olympiads.
- Ranked 15,465 (98.68 percentile) in JEE Mains 2023 and qualified multiple other engineering entrance exams.
- Received awards from school and community for academic excellence and extracurricular achievements.
- Ranked in the Top 100 among 1,842 teams nationally in Robofest 4.0 and received 2.5 lakh rupees award.
- Earned a place in college's hall of fame for exceptional academic and extracurricular achievements.
- Achieved a peak Codeforces rating of 1300+ and a LeetCode rating of 1800+.
- Solved 500+ problems on GeeksforGeeks and LeetCode, demonstrating a strong foundation in DSA.
